

## USER MANUAL

### VACUUM BAG

# ONE-TOUCH OPERATION JUST "PRESS" AND "GO"

Close the zipper by pressing it with fingers or with the clip that comes with each pack of FOSA vacuum bags.

Install V-adapter on the FOSA TURTLE.

Place the Bag flat on the counter making sure there is no stored item under the Air Valve.

Place TURTLE vacuum pump with V-adapter on the valve area of the bag and then start to vacuum.

For new vacuum bag,  
there may be a need to restart the TURTLE 2 or 3 times to activate the valve for the first use.
